

We have an exciting new opportunity for a **Product Owner** to join our Product Management team focusing on GP Practice software solutions.

About the role...

The PO will be working alongside the Vision 3 development team and our customers to understand new product requests, taking responsibility for prioritising the team's product backlog and ensuring the delivery of our product to GP practice customers.

The product and development teams are spread between our Dundee and London (Battersea) offices, however the person can work remotely and can therefore be based anywhere in the UK

- Work with the Vision 3 development team
- Understand new feature/product requests (national/end user) and prioritise product backlog
- Liaise with the customer (internal or external) to understand the requirements
- Arrange Discovery sessions across teams to understand requirements, dependencies, and agree solution
- Create user stories and attend refinements sessions as part of the development cycle.
- Provide feedback to customers/stakeholders during the feature/product lifecycle/Assurance
- Create value proposition for key features and make available for Product Managers/Marketing
- Work with User assistance to ensure material is supplied to allow UA to be complete for SIT hand over
- Responsible for ensuring the feature is completed and delivered to the customer on time
- Contribute to the Product Management bi-weekly show and tells
- Organise bug review meetings to assess issues in live and prioritise within backlog
- Follow product management processes, ensuring all documentation required is created/completed

What we're looking for?

- Product experience and knowledge within software or healthcare
- Someone bright, intelligent, articulate with a keen mind and the ability to gather, analyse and disseminate information
- Someone personable with an engaging manner and excellent communications skills
- A passion for delivering great product and technology
- Ideally degree educated in a product related field or with some product sector experience

What we can offer you

You'll be joining our friendly and focused team; we have a culture where everyone pulls together, we're really passionate about the solutions we deliver and the positive impact they have on healthcare services all across the UK.

We're offering a competitive salary with an excellent range of employee benefits - including matched pension, health cash plan and a well-being allowance. Our teams enjoy a variety of work-related events as well as regular social and well-being activities online, in and out of the office/s.

Other info

Permanent, full time, UK flexible on location: home based or office based or a mix of the two
Salary: £up to £45k DOE plus our excellent benefits package

If this is just the role you've been looking for, please [apply directly](#) on our recruitment portal or email any queries to our recruitment team [here](#), thank you.

(Please note: visa/sponsorship is not being offered, so you do require full right to live and work in the UK before applying)
