

If you're looking for a new Full Stack development role we have a great new job opportunity for an experienced Mid-level Developer to join our amazing and innovative R&D team based in the North West, in Leyland.

This role will see you working on our new green-field product portfolio using the latest technologies (React, .Net Core). We're evolving our existing applications and designing a new suite of integrated products, services and data to drive efficiencies in the pharmacy environment.

We are totally committed to transforming the world of Pharmacy with innovative, time saving solutions that make our customers life easier.

If you're interested in making a difference and watching your ideas come to life then **APPLY NOW!**

Who are we looking for?

A highly motivated Software Developer with React and .Net Core/.Net /C# experience. A talented individual with a genuine interest and enthusiasm for quality solutions and development, confident in expressing new ideas driving innovations as we are encouraging the use of new technologies. Teamwork and collaboration is vital to the success of the project, so you'll need to have very strong communication and negotiation skills.

You'll have a degree in Computer Science or a related subject, and/or significant hands on software development experience with knowledge of:

- React
- Redux, HTML5, CSS and Typescript/JavaScript skills
- C#/.Net Core microservices
- Responsive design, web standards and architecture
- Design patterns
- Object Oriented Design and Design Patterns
- Agile Scrum practices and development methods

Any experience of databases, Kubernetes/Docker and/or an understanding of secure programming practises/web security will also be really useful.

What else do you need to know...

This is an excellent opportunity to have a key role in the delivery of innovate product enhancements as well as brand new applications, using the latest technologies and tools.

We're offering a competitive salary with a superb range of employee benefits - including matched pension, health cash plan and a well-being allowance - plus personal development and opportunities for your career progression longer term.

You'll be joining our friendly, supportive and focused team working in modern, open plan offices with breakout spaces and a great eating/relaxing area. Our team enjoy a variety of work-related events as well as regular social activities in and out of the office.

We promote a culture where everyone pulls together; we're really passionate about the solutions we deliver and the impact they have on healthcare services all across the UK.

Full time 35hrs/week Mon-Fri, office based
Up to £40k DOE, plus our excellent benefits package

If this is just the role you've been looking for, please [apply now](#) with an up to date CV, thank you.

(Please note: sponsorship is not being offered, so you do require full right to work for the UK before applying)
