

Pharmacy Manager

A CegeDIM Product

What's New - V11

Pharmacy Manager is evolving...

Our latest release of Pharmacy Manager has been designed to help your whole pharmacy team work smarter. It includes two major upgrades; a new intelligent dashboard and a modernised user interface. We have truly listened to our customers and the result is a Pharmacy Manager that works harder so you can work smarter.

We are on a continuous journey of improvement, where we are listening, acting and improving Pharmacy Manager for our customers.

Pharmacy Manager is brought to you by Cegecim, a global brand where it's all about YOU, our customer.

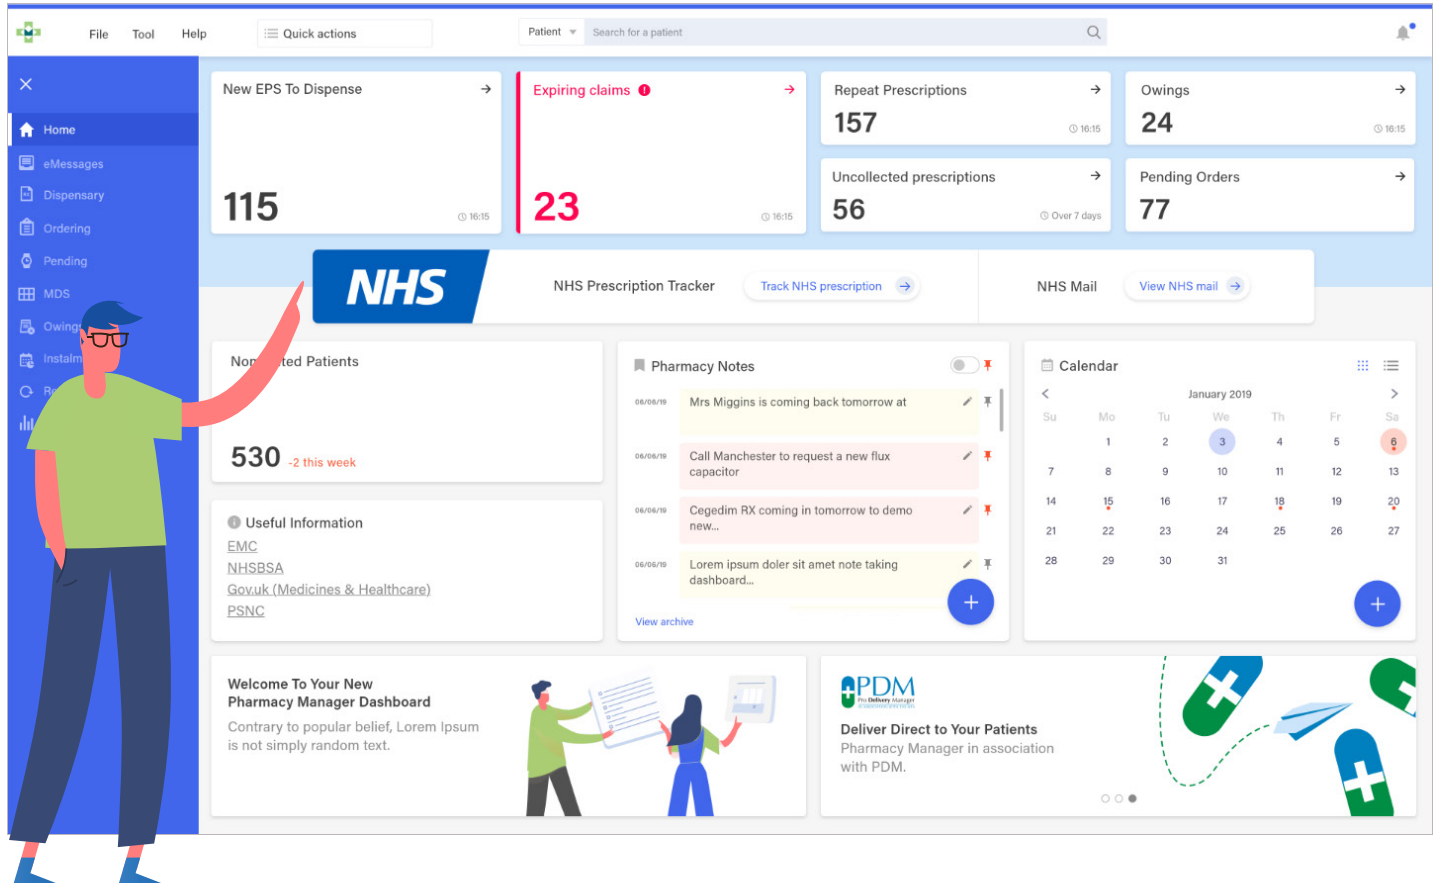

Improvements and advancements to date include:

- **A modernised user interface** for every screen of Pharmacy Manager. It is now more intuitive for easier navigation; helping to improve your daily experience.
- **Intelligent dashboard** allows you to quickly see all of your key notifications and system alerts in one place. We have introduced dynamic tiles, with real time notifications, to give you an overview of key events as they are happening. Colour coded alerts highlight areas that need your attention so you can make informed decisions around how to prioritise your workload.
- **A whole host of new features** including a calendar and notes feature have been added, along with quick links to NHS services for easy access to these functions from within Pharmacy Manager.

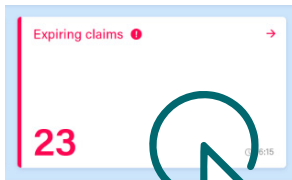

Your new intelligent dashboard

The dashboard features a top navigation bar with 'File', 'Tool', and 'Help' menus, a 'Quick actions' dropdown, and a search bar for patients. A left sidebar contains navigation links for Home, eMessages, Dispensary, Ordering, Pending, MDS, Owing, and Instalment. The main content area is divided into several sections:

- Summary Cards:** New EPS To Dispense (115), Expiring claims (23), Repeat Prescriptions (157), Owings (24), Uncollected prescriptions (56), and Pending Orders (77).
- Key Services:** NHS Prescription Tracker and NHS Mail.
- Non-Dispensed Patients:** 530, down 2 this week.
- Useful Information:** Links to EMC, NHSBSA, Gov.uk (Medicines & Healthcare), and PSNC.
- Pharmacy Notes:** A list of notes including 'Mrs Miggins is coming back tomorrow at', 'Call Manchester to request a new flux capacitor', 'Cegedim RX coming in tomorrow to demo new...', and 'Lorem ipsum dolor sit amet note taking dashboard...'. Includes a 'View archive' link and a '+ Add' button.
- Calendar:** A calendar for January 2019 with a '+ Add' button.
- Welcome Banner:** 'Welcome To Your New Pharmacy Manager Dashboard' with a note that 'Contrary to popular belief, Lorem Ipsum is not simply random text.' and an illustration of two people reviewing documents.
- PDM Banner:** 'Deliver Direct to Your Patients' with the Pharmacy Manager logo and the text 'Pharmacy Manager in association with PDM.' and an illustration of a paper airplane and band-aids.

Dynamic Tiles provide...

- an at a glance, **real time overview** of your pharmacy's workload.
- **Colour-coded alerts**, notifying you when prescriptions need to be dealt with or claimed.
- Simple '**one click**' journey making navigation quicker and easier.

To aid the smooth running of your pharmacy the Dashboard includes a new:

- **Calendar** – A pharmacy wide electronic date book for anyone in your pharmacy to add and view reminders and appointments
- **Notes** - A pharmacy wide display for anyone in your pharmacy to add or edit a note
- **NHS Prescription Tracking Service and NHS Mail** - A direct link to the NHS Prescription Tracking Service and NHS Mail
- **Useful Information and Marketing Tile** providing useful links and information from Cegedim Rx

What else is NEW

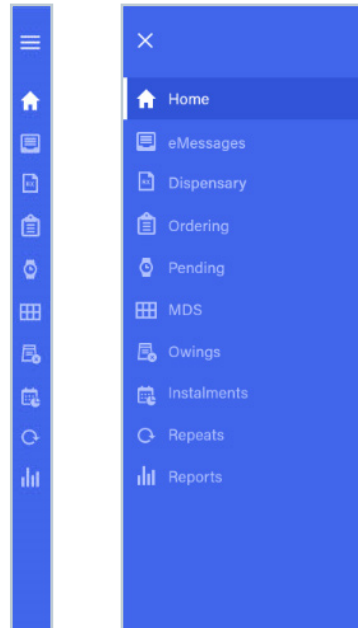

Side Navigation Bar

Allowing you to quickly move between screens, replacing the dated, tab based navigation.

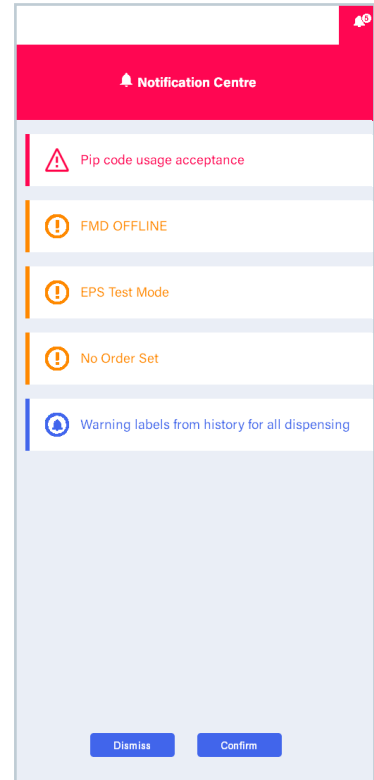

Notification Centre

We have replaced the messages area with a new notification centre, which displays important information about your backup, drug and system updates. Each alert is colour coded, indicating the processing urgency.

Side Navigation Bar

Notification Centre

Global Toolbar

We have replaced the many icons and menus with a less clustered, user friendly global toolbar. Key features include:

- The **quick action menu** containing your most common tasks including **History, Responsible Pharmacist Login** and **Start MUR**
- A combined **patient/product search**, this replaces the previous separate Patient and Product search icons, allowing you to search for either a patient or product from any screen.

Help Centre

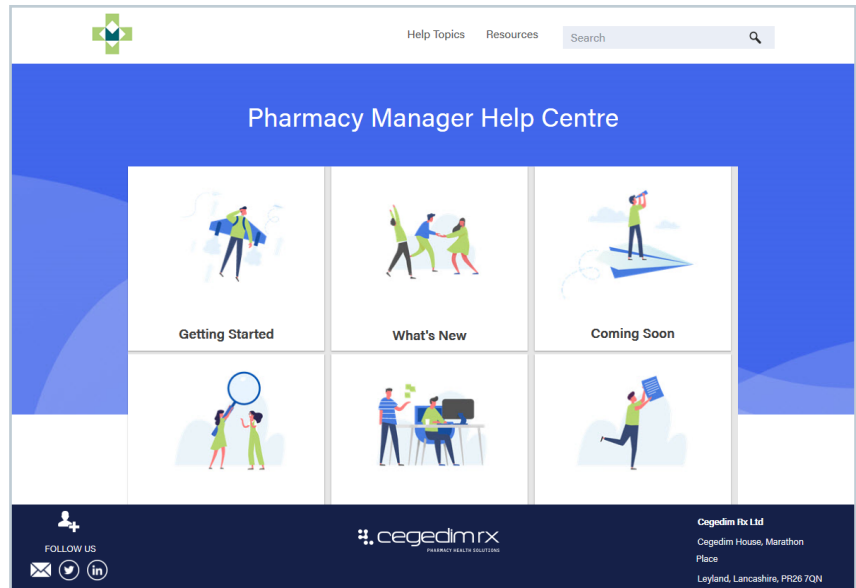

- Fully searchable help topics covering all aspects of Pharmacy Manager
- Printable quick reference guides and crib sheets
- Short instructional videos

Global Toolbar

Help Centre

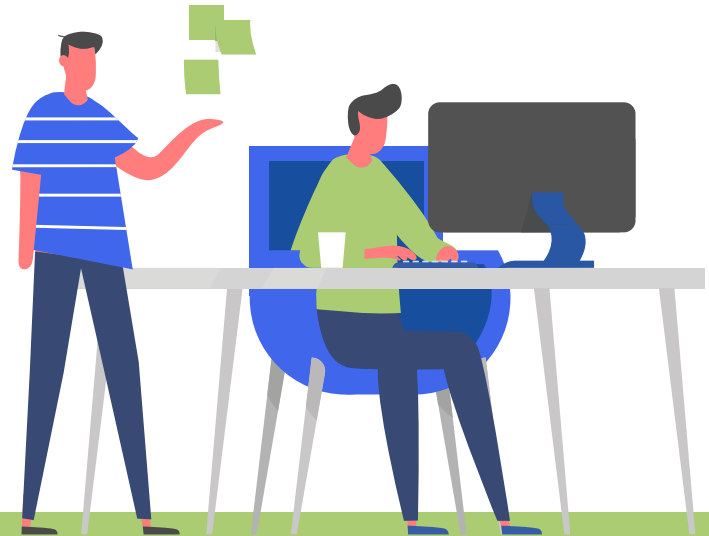

We are on a continuous journey

We already have more exciting improvements coming soon, including:

- Regional dashboards for Scotland and Wales
- NEW dashboard features including fridge temperature recording
- Greener dispensing
- Real time exemption checking
- Automatic download of prescriptions
- Repeat prescription management enhancements

We promise to continue to listen, act and improve to enable YOU to work smarter not harder. This is our commitment to YOU.
